RAMA MINING TOOLS PVT. LTD

Rotary Drill

Rama Mining Tools provides a range of compact and lightweight plughole drills/ **Rotary Drills** which includes tools capable of drilling holes from 8 mm to 44 mm and for use in light chipping applications.The **RMT 009** is the “mother” of small rotary drills. It is the best air tool available on the market because of its super performance for such a small and easy-to-use drill. The other tool in the small rotary drill category is RMT 0014RR. These rotary hammers are used in a wide variety of constructionand maintenance applications.A few examples are driving or seettimasonry anchors and drilling holes in concrete, bricks, or rock. Like a hammer, these tools can also be used for chipping, scarifying, scaling, and cleaning welds so also called rotary hammers.
