

The SBL 06 Scabbler is a durable pneumatic tool designed for efficient removal of rust, coatings, and surface imperfections on concrete and metal surfaces. Its high-impact performance and ergonomic design ensure reliable results, making it ideal for construction, industrial maintenance, and repair projects.

What is good about it?

- Durable pneumatic construction.
- Three-piston design provides high-impact performance.
- Ergonomic design supports easier handling.
- Suitable for removing rust, coatings and surface imperfections.
- Designed for reliable performance in demanding applications.

Where it is used?

- Concrete surface preparation.
- Metal surface preparation.
- Industrial maintenance.
- Construction projects.
- Repair and renovation work.

Specification

Model #	SBL 06	
Weight	5.3 kg	11.5 lb
Length	470 mm	18.5"
Air consumption	13 l/s	27.5 cfm
Hose connection	12.7 mm	½"
Piston	3	
Blows Per Minute Per Piston (Three Piston)	3000 bpm	
Part Number	8461 0250 11	
Manufacturer	OEM
