

The CP 0010 is a highly durable sump pump specifically designed for demanding applications in construction and industrial environments. It delivers 2.2 kW of power and a maximum head of 30.5 meters (100 feet) while operating at an air consumption rate of 47 liters per second. Built for longevity, the unit features a rugged cast-iron housing, a bronze impeller, and an integral strainer to protect the internal components. A standout benefit is its ability to run without a load without sustaining damage, ensuring safe and reliable operation in varying conditions. Despite its robust performance, the pump remains portable at 19.5 kg (43 lb) and can fit into openings as small as 210x230 mm.

Specification

Model #	CP 0010	
Power	2.2 kW	
Weight	19.5 kg	43 lb
Min opening needed	210 x 230 mm	8 ¼ x 9"
Min water depth	22 mm	0.85"
Max head	30.5 mtr	100 ft
Air consumption	47 l/s	100 cfm
Air inlet	19 mm NPT	¾" NPT
Air outlet	25 mm NPT	1" NPT
Discharge outlet	50 mm NPT	2" NPT
Recommended air supply hose size	19 mm	¾"
Ref. Part #	T022224	
Manufacturer	OEM
