

The TEX 07 PE is a genuine industrial chipping hammer weighing 8.7 kg, effectively bridging the gap between lighter and heavier models in the TEX PE series. Delivering effective BPM, it is ideal for tasks such as weld spatter removal, surface preparation, foundry cleaning, and light masonry or concrete chipping. The tool features an ergonomic design that reduces operator fatigue during long working hours in fabrication shops, shipyards, and construction sites. Backed by full OEM spare parts support, it offers a reliable and versatile mid-weight solution for everyday industrial maintenance and repair.

What is good about it?

- Power to weight ratios
- Easy change of steels
- Multipurpose picks

Where it is used?

- Soil digging
- Soft / medium materials like brick to tough concrete
