

The CP 0003 Scabbler is a lightweight pneumatic tool designed for efficient cleaning and roughening of concrete surfaces and construction joints. It quickly removes laitance, coatings, and surface imperfections and can also create decorative or textured finishes. Built for durable performance and operator comfort, it's ideal for construction and concrete repair projects.

What is good about it?

- Time tested valve design.
- Round piston rod
- 63.5mm Rubber butt included

Specification
