

CP 0112 concrete breaker is an ideal breaker where easy handling of the tool is a very important factor to complete the task. Though the tool is very light-weighted yet it with stands rough use in light construction work and plant maintenance. It has also got another model "CP 0112 EXT" which comes with an extended handle, suitable for trench working. A preferred paving breaker to use in Flexible Pavement (Asphalt) 20-25 Mpa.

What is good about it?

- Tuned valve system
- Robust yet, light weight
- Integral oiler – provides continuous lubrication
- Four-bolt backhead – withstands rugged use

Where it is used?

- Light demolition of floors, pavement and masonry walls
- Breaking of frozen ground
- Bridge deck jobs
