

Material

- Carbon steel wire and spring with aluminium ferrule & slides for hose-to-hose connections.
- Stainless steel wire and spring with brass ferrule & slides for hose-to-hose connections.

Available Sizes:

Part Number	Description
RMTWC-08-20	1/2" Whip check (1/2" to 1 1/4") Wb1
RMTWC-50-100	2" Whip check (2" to 4") Wb1
RMTWC-03-20	Small safety whip check 1/8" × 20 1/4"
RMTWC-05-28	Safety whip check 3/16" × 28"
RMTWC-06-38	Large safety whip check 1/4" × 38"
RMTWC-10-44	Safety whip check 3/8" × 44"

Application

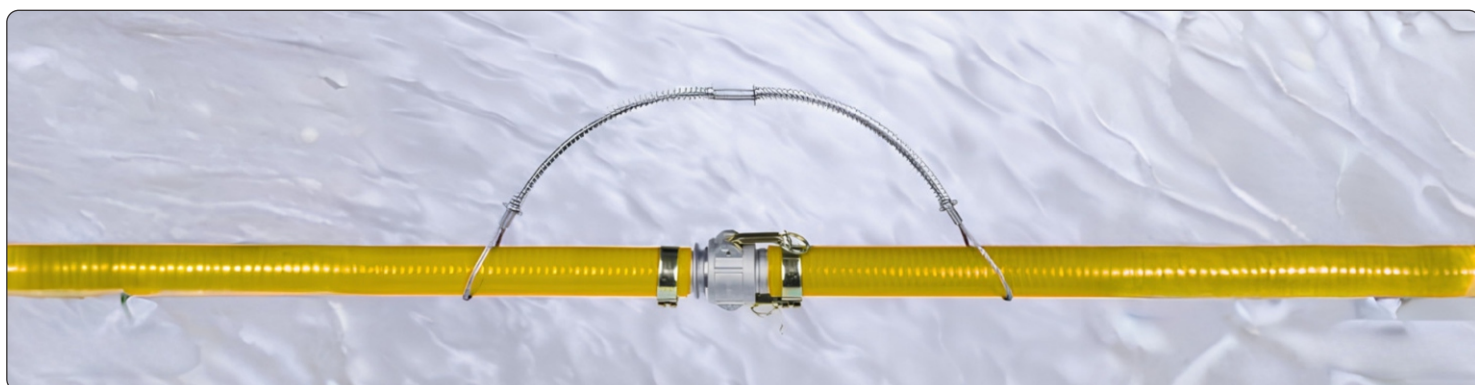

- Carbon steel wire and spring with aluminium ferrule & slides for hose-to-hose connections.
- Coal mining
- Petrochemical
- Compressed air

"Hose to Tool" option is available on request.

Test Reports

Size	Tensile Strength (N/mm ²)
1/4"	22,500 N
1/8"	5,500 N

Note: Other diameters, pressure rating is available on request. Technical data, structures and polymers are subject to change without notice
