

The **DTH Hammer** version of **RMT Wagon Drill** is equipped with powerful piston type **air motor (BBR - 4 type)** which is suitable for **DTH hammers of 3" and 4"**. Possible drill hole sizes are 85 to 130mm and drilling depth up to 40 meters. With a quick **conversion kit**, the DTH version can be converted to the "Top Hammer Version" of Wagon Drill.

Specification

Model #	RMT 25 (DTH)	
Version	Down the Hole Hammer (DTH)	
Driving Force	Piston type Rotation Air Motor (Type BBR-4)	
Drilling Depth	40 meter (131 feet)	
Hole Diameter	85 - 130 mm	3.34 - 5.12"
Drill Tube Diameter	70 / 76 mm	
Drill Tube Length	1.20 Meter, 2.50 Meter, 3 Meter	
Operating Pressure	12 bar max.	
Maximum Torque	900 Nm	
Suitable hammer	3", 4" Hammer	
Feed Type	Chain Drive	
Feed Beam Length	5430 mm, 4425 mm, 2825 mm	
Travel Length	3940 mm, 2200 mm, 1500 mm	
Feed Force	8kN	1.8 lb
