

The SBL 05 Scabblers is a compact pneumatic tool designed for efficient removal of rust, coatings, and surface imperfections on concrete and metal surfaces. Built for durable performance and easy handling, it delivers consistent impact power, making it ideal for construction, repair, and surface preparation projects.

What is good about it?

- Compact design for easy handling.
- Three-piston configuration delivers consistent impact.
- Suitable for removing rust and coatings.
- Designed for durable pneumatic operation.
- Provides effective surface preparation performance.

Where it is used?

- Concrete surface preparation.
- Metal surface preparation.
- Rust removal.
- Coating removal.
- Construction and repair projects.

Specification

Model #	SBL 05	
Weight	4.5 kg	10 lb
Length	280 mm	11"
Air consumption	13 l/s	27 1/2cfm
Hose connection	12.7 mm	1/2"
Piston	3	
Blows Per Minute Per Piston (Three Piston)	2500 bpm	
Part Number	8461 0250 13	
Manufacturer	OEM
