RAMA MINING TOOLS PVT. LTD

2 Litre
LUBRICATOR

Accessories

The 2 Litre Lubricator is a cost-effective alternative to the original model 8202 5102 40, acting as a durable container that lubricates pneumatic hammers and drills to ensure smooth operation by reducing friction and preventing premature part damage. Its compact turtle-shaped design (350 mm height, 158 mm diameter) allows easy handling, while the oil control key adjusts flow as needed and fitted claw couplings enable quick hose attachment. With 2 litre oil volume, 38 mm hose connection, 283 l/s airflow and 10 bar max pressure, it supports reliable continuous use and pairs with the RMT Safety Whipchek for added user safety; RMT offers a full range from 1.3 L to 15 L to suit varying demands.

Specification

Oil volume	2 Litre	0.44 Gallons
Hose connection	38 mm	1½"
Air flow	283 l/s	600 cfm
Max pressure	10 bar	150 psi
Height	350 mm	13.8"
Outside dia	158 mm	6.2"
