

The **RH 658 LS** is a **25 kg** pneumatic sinker drill built on the same powerful core as the **RH 658 5L**, with an added **built-in silencer** that reduces noise by up to **50%**. It features a standard **22 x 108 mm shank**, making it compatible with widely available drill steels and accessories worldwide. Designed for bench drilling, smooth blast drilling, and secondary drilling, it performs reliably across mines, quarries, and construction sites. The silencer makes it the ideal choice for operators working long shifts in **confined or echo-prone underground spaces** where noise control is a priority.

What is good about it?

- Light weight for a wide variety of uses.
- Designed for quick and easy maintenance
- Easily mountable on variety of drill rigs
- Assembly in sectional system makes it easy to dismantle for

Where it is used?

- Blast hole drilling
- Excavations work
- Shafts Sinking
- Quarry drilling
- Bench mining

Specification

Model #	RH 658 LS	
Weight	25 kg	55 lb
Length	565 mm	22"
Air consumption	58 l/s	123 cfm
Air pressure	6 bar	87 psi
Hose connection	19 mm	3/4"
Shank Size	22 x 108 mm	7/8" x 4 1/4"
Blows per minute	2040	
Revolutions	215 rpm
